Re: Reminder Continuation of Employment and Pay for Work-Study Student Employees

Dear Departments:

Please remember that departments should not end student employment because of COVID-19 related circumstances.

If students are not able to work in person or remotely, they should continue to receive pay through administrative leave, once that is exhausted then through regular Work-Study pay.

- These students are eligible for paid administrative leave through President Napolitano's Executive Order (3/16/2020).
- The Department of Education has provided guidance allowing Work-Study students to continue receiving their scheduled pay even if not reporting to work due to the COVID-19 response.

The Work-Study Unit remains open and available to process referrals and handle any questions or issues departments may have. We will continue to update departments with any changes regarding Work-Study as they arise.

Best,

The Work Study Program
